

Proposed 2020 Legislation
Impacting Oklahoma Title and Real Property Attorneys

Version 2

Dated March 13, 2020

by Ryan W. Schaller

Introduction

In response to requests to keep this report brief and topical, the following areas that may be considered relevant to a small number of real property practitioners have been excluded from this report: water rights, oil and gas, taxation, and medical marijuana. While these areas might involve the ownership of real property, more specialized attorneys handle separate legal updates in those areas for the OBA, and I defer to their expertise.

While this report is provided to the Title Standards Committee of the OBA in my role as Legislative Liaison for that Committee, this is my own product, and has not been approved or blessed by the OBA. If any of the bill summaries offend, the fault is entirely my own, and should not be imputed to the OBA or any of its subdivisions.

If you have additional bills to bring to my attention, would like to suggest additions or revisions to my summaries or explanations of a bill, or have any further inquiries, please contact me at ryan@gossenschaller.com. All versions of this report will be posted to the “Blog Posts” section of www.gossenschaller.com as well as linked on the OBA’s Real Property Message Boards.

Special thanks to Monica Wittrock of First American Title and Rhonda McLean of Munson & McMillin, P.C. for providing me with their own legislative lists in these areas.

List I: Title

These Bills should be monitored for their potential impact on the Title Standards

- Bill No.: HB2916
Brief Title: **Probate Venue Priority** a/k/a Walking back Walker
Sponsor: Loring
Description: Adds the words “First”, “Second”, etc. to the beginning of each paragraph in 58 OS § 5. This is a bill in response to the COCA decision *In re Walker* which eliminated the probate venue priority established by statute.
Status: Passed House Unanimously 3/10/2020. Passed out of Judiciary Committee. Contains emergency language that would make it effective 7/1/2020
- Bill No.: HB2917
Brief Title: **Municipal Liens against Real Property**
Sponsor: Loring
Description: New Law that allows a municipality to hold the owner of a property civilly liable for actual expenses or costs for cleaning, mowing, dismantling and removal of dilapidated buildings, or in relation to abating a public nuisance caused by an abandoned building.
Status: Passed House. Headed to Senate – no Amendments listed yet.
- Bill No.: HB3032
Brief Title: **Life of Judgment Liens**
Sponsor: Bush
Description: Judgment length amended from 5 to 20 years.
Status: As of 3/10/2020 – no vote in rules committee. Presumably dead.
- Bill No.: HB3552

Status: Passed House to Senate
- Bill No.: HB3660
Brief Title: **Civ Pro**
Sponsor: Kannady
Description: Returns to the old Default Judgment rules prior to the Schweigert and Asset Acceptance v. Pham decisions. For those unfamiliar with these cases, they have had an impact on attorneys in Quiet Titles and Foreclosures. As a result of these cases, courts are requiring attorneys to file Motions for Default and, in some

cases, docketing hearing dates for these motions, in cases where Defendants have never entered an appearance.

Status: Passed House to Senate

Bill No.: HB3712

Brief Title: **Uniform Partition of Heirs Property**

Sponsor: Kannady

Description: Uniform law procedure for dividing property among heirs. Probably need new title standard if becomes law.

Status: No committee votes as of 3/10. Presumably dead. Referred to the Rules Committee, which is usually a sign that the bill is not going to become law.

Bill No.: HB3743

Brief Title: **Death Certificate Access**

Sponsor: Sims

Description: State Commissioner of Health shall contract with the Oklahoma Tax Commission to make certified copies of death certificates available for issuance at local tag agencies. While not specifically a title law issue, this is being followed because of TES's interest in access to Death Certificates.

Status: Passed House unanimously. Passed, amended by committee substitute Public Health Committee.

Bill No.: HB3857

Brief Title: **County Resale Returns**

Sponsor: Burns

Description: Claims of the state against property sold at resale are "extinguished with respect to any deed conveying title to the board of county commissioners where such property was bid off in the name of the county."

Status: Passed out of House.

Bill No.: HB4112

Brief Title: **Creates the Uniform Common Interest Ownership Act**

Sponsor: Kannady

Description: Bill would adopt a Uniform Law on Common Interest Ownership (common areas in PUDs, Condominiums, etc.).

Status: No vote as of 3/10 presumed dead. Referred to the Rules Committee, which is usually a sign that the bill is not going to become law.

Bill No.: SB1207

Status: Judiciary Committee. No vote as of 3/10. Presumed dead.

Bill No.: SB1789

Status: Failed in Committee - Judiciary

End of List related to Title Standards

List II - Real Property but not Title

This list contains bills that could impact the general Real Property Lawyer, but do not specifically impact our current Title Standards

Bill No.: HB2821

Brief Title: **Extends Sunset date on Oklahoma's Abstractor Board**

Sponsor: Gann

Description: Originally extended sunset on Board to 2026 (6 year renewal). I've heard that this has been substituted with a bill that only renews it for 1 year, but I'm not seeing that reflected on the bill tracking site yet. My understanding is that there is considerable uncertainty in the State House over the future of licensing boards. The traditional approach for the last several decades in this state was to have semi-autonomous licensing/governing boards that elected their own members. There is pressure to change that. Some would like to completely remove professional licensing and governing boards in Oklahoma, others would like to see the consolidation of these boards into a single office, while still others prefer maintaining the status quo. Last year the board was also set to renew for six years but in the end was only renewed for a term of one year.

Status: Passed House, In Senate now.

Bill No.: HB2855 / SB1427

Brief Title: **Landlord Tenant**

Sponsor: Pae

Description: Allows victims of domestic violence to terminate lease without penalty by providing a copy of a protective order or police report. Also allows landlord to go after "perpetrator of such violence" to recover for early termination losses.

Status: House Bill sent to Rules Committee. No House Committee vote. Senate Bill passed as amended Judiciary committee, Title stricken. Needs full Senate vote.

Bill No.: HB2988
Brief Title: **Landlord Tenant**
Sponsor: Bennett
Description: Max 10% increase in rent with lease renewal
Status: House Judiciary Committee. No vote as of 3/10. Presumed dead.

Bill No.: HB3060
Brief Title: **Property Owner's Associations**
Sponsor: McDugle
Description: POA's with a "major item" that has "a deferred maintenance expense or replacement cost that exceeds \$50,000.00" with a useful life of more than 3 years, must set up a reserve account in accordance with the provisions of this new statute.
Status: No House vote as of 3/12. Passed out of Business and Commerce Committee

NEW BILL- Shell Bill substitute

Bill No.: HB3104
Brief Title: **Real Estate Wholesaler Prohibition Act**
Sponsor: Osburn (house) and Rosino (Senate)
Description: Prohibits anyone without a real estate license from marketing an equitable interest in property. The way wholesalers currently operate without a real estate license is they get a property under contract with a seller. They then market the interest in that contract to another buyer. I've heard divergent opinions on whether this bill would prohibit someone with a real estate license from doing the same.
Status: Passed house with title stricken. Sent to Senate.

Bill No.: HB3296
Brief Title: **Wind Turbine setbacks**
Sponsor: Newton
Description: Prohibits wind energy turbine or facility of over 300 feet within a certain distance of airports.
Status: Referred to Utilities Committee. No committee vote as of 3/10. Presumed dead.

Bill No.: HB3331
Brief Title: **Title Insurance**
Sponsor: Perryman
Description: Update – Bill has been revised. Instead of affirmatively requiring an Owner's Policy of Title Insurance whenever a Loan policy is issued, the new version would allow a homeowner to pass on owner's title insurance with an executed informed waiver. My understanding of this Bill is that the Representative is concerned that parties to a transaction are bearing the expense of title work and a loan policy, but are not receiving any protection on their own investment.
Status: Passed House, to Senate

Bill No.: HB3334
Brief Title: Banking, transfer of deceased's funds
Sponsor: Fugate
Description: Allows deceased owner's bank account to be used to distribute funds to heirs under \$50k with sworn affidavit by known heirs if no probate filled.
Status: Passed House. Sent to Senate.

Bill No.: HB3706
Brief Title: **Landlord/Tenant – Late Charges**
Sponsor: ~~Kannady~~ Vancuren
Description: Late fees up to 10% of the monthly rent are presumed to be valid
Status: Passed House with title stricken 88-5. Passed Rules Committee; Rep change

Bill No.: HB3710
Brief Title: **Revised Landlord Tenant Act**
Sponsor: Kannady
Description: Very long bill, please review. Some of the new law includes a duty to mitigate damages, an obligation of good faith in performance and enforcement of a lease, provides that a court can refuse to enforce a lease if a provision is found to be unconscionable, imposes required disclosures by landlords, required disclosures by tenants, prohibited provisions in leases, and more. Highly recommend following and studying in depth if you represent people who lease residential properties.
Status: Rules Committee. No vote as of 3/12. Presumably dead.

Bill No.: HB3969
Brief Title: **Mortgage Licensing**
Sponsor: McBride/Rader
Description: 501(c) organizations exempt from state mortgage licensing requirements
Status: Passed House. Sent to Senate.

Bill No.: HB4044
Brief Title: **Trespass Nominal Damages**
Sponsor: McCall

Bill No.: SB1301
Brief Title: **Landlord Tenant**
Sponsor: Montgomery
Description: Increases amount of deduction permissible from rent for repairs made by tenant.
Status: Judiciary Committee. No vote as of 3/10. Presumed dead.

NEW BILL:

Bill No.: SB1713
Brief Title: Regulation of residential building design elements; prohibiting certain city and county actions
Sponsor: David and Martinez
Description: Prohibits a county, municipality, city, or town from enacting residential building design element regulations unless it falls under specific exceptions such as historic districts. Specifically states that it does not affect CCRs entered into by private parties.
Status: Passed Senate 39-8 on 3/12.. Martinez has a companion shell bill (HB3152) in the Rules Committee.

Bill No.: SB1312
Brief Title: **Ad Valorem Tax Payments**
Sponsor: Pederson
Description: Minor changes to the language about paying Ad Valorem tax. Give closer scrutiny if moves on.
Status: Finance Committee. No vote as of 3/10, presumed dead.

Bill No.: SB1333
Brief Title: **Landlord/Tenant**
Sponsor: Montgomery
Description: Tenant corrective action upon landlord breach.
Status: Passed amended Judiciary Committee; Title stricken, and no vote before full Senate as of 3/12

Bill No.: SB1743
Brief Title: **Successor Trustees and Creditors Claims**
Sponsor: Howard; Co-author/principal House author: ODonnell
Description: Amends 60-175.18a – allows a successor trustee to file an affidavit with county clerk that would bar creditor claims after 45 days. Appears to be optional, i.e., a trustee can do this if they want to forever bar claims, but they don't have to do it.
Status: Passed amended Judiciary Committee; CR filed; Title stricken. Has not passed full Senate as of 3/12

Bill No.: SB1753
Brief Title: **Real Estate Developments**
Sponsor: Leewright
Description: Title company must provide a certified copy of CC&Rs 30 days prior to closing. Currently the law requires a title company to provide these documents either prior to or at closing. In my experience working with title companies, most of their customers are expecting a transaction to close in less than 30 days, so this bill, as currently written, may artificially delay residential transactions so that this requirement can be met.
Status: Business, Commerce, and Tourism Committee. No committee vote as of 3/12. Presumed dead.

Bill No.: SB1815
Brief Title: **Oklahoma Decanting Act**
Sponsor: Howard (JD and LLM); Co-author/principal House author: ODonnell
Description: New law providing for “decanting trusts” in Oklahoma
Status: Passed out of Senate. Sent to House.

Bill No.: SB1864
Brief Title: **Eminent Domain**
Sponsor: Dahm
Description: Creates a definition for abandoned or blighted structures. Provides requirements for condemnation actions by the government.
Status: Judiciary Committee. No vote as of 3/10.

List III - Civil Procedure and General Practice of Law

These bills do not specifically relate to Title or Real Property law, but fundamentally relate to the practice and procedure of the law.

Bill No.: HB2808
Brief Title: **Amends forms to use in FED actions**
Sponsor: Hardin; author/principal Senate author: Bergstrom
Description: Please review if your practice includes FEDs.
Status: Passed house. On to Senate

Bill No.: HB3390/SB1820
Brief Title: **Legal Representation for State/State Agency**
Sponsor: O'Donnell/David, several cosponsors
Description: As this is outside the scope of title/real property, I won't be going into details on this one, but if you are hired by the state of Oklahoma to be a lawyer for an executive branch agency, this creates some new rules and regulations regarding fees, including caps. I don't know whose day this is going to ruin, but you can no longer bill a state agency more than \$1,000 an hour.

Status: HB passed amended Judiciary Committee; SB passed amended by committee substitute General Government committee, CR filed.

Bill No.: SB1268

Description: Sets out a statutory definition and criteria for having standing to bring a civil action.

Status: No full Senate vote yet 3/12. Passed as amended Judiciary committee; CR filed; Title Stricken, Emergency clause stricken

Shell Bills

Oklahoma has strict deadlines for bringing new bills each legislative session. In the State House, Representatives can create a “shell” bill that has a title and states that it applies to a specific title of the Oklahoma statutes. These bills do not do anything on their own but often draw attention because their titles contain words like “Reform Act”. Nothing will happen to the majority of these bills. One or two may end up being swapped out for an actual bill later in the process, which is why I check these bill numbers every time I update the report. Sometimes, these shell bills will be brought by Representatives who are close to a particular industry in case that industry has a pressing issue come up over the course of the session that needs a legislative fix.
